Note on important regulations for examinations in accordance with the General Examination Regulations (APO, 01/10/2024):

#### Examination registration (Sect. 17)

- Anyone intending to take examinations must register for the examination in due form and time, stating the modules/subjects, and be admitted to the examination. Examination registration must be done via the student portal during the registration period. Modules or course examinations which cannot be registered via the student portal must be registered with the help of the staff at the examination office.
- Delayed registrations are only permitted upon written request within a deadline set by the board of examiners, stating valid reasons and with the approval of the chair of the examination committee.
- Withdrawal without consequences from an examination for which a student has already registered is only possible if the student de-registers online via the student portal **at least 14 days before the examination date**. If no official withdrawal has been received and the student has missed the examination for reasons for which they are responsible, the student must register for the next examination date.
- An examination is deemed not to have been sat if registration has not been made in due form and time.
- Registration for an examination is only valid for the next examination date. **Admission to a resit or to a missed examination must be applied for again.**

#### Resit examinations (Sect. 21)

The first resit examination (second attempt) must be taken within a period of **twelve** months, the second resit examination (third attempt) must be taken within a period of **six** months after the first resit examination has been announced.

Inability to sit an examination due to illness (Sections 19, 20)
